

Title:

Dog Whistle with Lanyard for Dog Training to Stop Barking | High Pitch Frequency Dog Whistles for Recall tricks – Black Color

Bullet Points:

- **PREMIUM QUALITY:** Dog Training Whistle is made up of high-quality plastic and it is light in weight to carry.
- **ULTRASONIC BARK CONTROL & CLEAR SIGNS:** This silent dog whistle emits a clear ultrasonic sound; your instructions pass through the noisy sound and reach your pet

clearly. It is widely used in stop dog barking, recall, toilet training, and so on.

- **EASY TO CARRY:** This 210.5 dog whistle comes along with free matching dog whistle lanyard. Dog recall whistle can be hung around your neck so that you always have it on your fingertips. It is purposely small and lightweight that can be attached to a key chain or put it in your pocket to take this anywhere without worrying about losing it
- **SAME TONE:** This high frequency puppy 211.5 dog whistle is frequency standardized, which means that whoever uses this dog whistle for recall (e.g., partner, child), it will always emit the same sound, even if you lose your Loud dog whistle, you can simply reorder it and it will have the same exact tone as before, so your whistle dog training won't have to adjust to a new tone.
- **SAFETY GUARANTEED:** The stop barking deaf dog whistle will not hurt your dog's hearing, nor will it cause any problems to your dog's health. Properly train your dog with multiple commands to get them to follow your instructions. After effective dog whistle 210.5 training, your dog will hear the gun dog whistle up to 25 meters away even if they can't see you.

DESCRIPTION:

TITLE:

WiFi Doorbell Camera Wireless with 32GB SD Card, 1080p HD and 4500mAh Battery | Video Doorbell Wireless with Chime, 2 Way Audio, PIR Motion Detection, Night Vision, SD Card & Cloud Storage Support

BULLET POINTS:

- **[Wireless and Long Lasting Batteries]** This wireless doorbell camera has a very big capacity rechargeable battery that can standby for a long period. There is no need to use the power outlet while using the battery-powered indoor chime. It may be used in every room of the house. Assist you in taking advantage of the benefits of wireless technology.
- **[Easy to Install & Waterproof]** Without any complicated hardware, you can rapidly install a smart doorbell wireless camera in only 5 minutes. Download the CloudEdge App from the Google Play/App Store; it has a user-friendly interface that makes it simple to use. The IP66 waterproof wireless camera doorbell is made of high-quality material. It's safe to use in any weather making it excellent for usage all year.
- **[1080P Full HD & Super Night Vision]**It's easy to see things with our front door bells with camera wireless. We offer 1920 x 1080 pixel and a wide view angle. It has built-in IR lights for evening use so you can see clearly in the dark up to 33 feet away!
- **[PIR Motion Detection & Two-Way Audio]** You'll never have to worry about who is at the door again. With this camera doorbell wireless with live video, you may get a real-time alarm and push alerts in response to any triggered motion

detection. This allows you to maintain safety without having to open the door. It also supports two-way audio, allowing you to converse with whoever arrives or leave a pre-recorded voice message for them.

- **[128 GB SD Card & Cloud Storage Support]** Save up to 100% of every video captured on your door bell ringer wireless with camera with this 128 GB SD card plus cloud storage support. That means you'll never have to worry about losing data when your card fills up, just upload it to the cloud and download

Description:

Are you tired of going outside to check the front door? or waking up at 3am to see if somebody's trying to break in? With this wireless video doorbell, you can now stay safe and sound inside.

Your front door is your window to the outside world. With this door camera wireless, you can see and talk to visitors before they arrive. The built in microphone will allow you to listen in on conversations and the 4500mAh battery means it. You can install it anywhere and never have to worry about your home security systems and you'll never miss a visitor again.

❖ **Anti-Theft Temper Alert:** The security doorbell with camera will detect when someone tries to shake or dismantle it. By shaking the camera, thieves can make themselves scared and give up. With that information the camera will send a notification to the user's phone so they can record what happened before calling the police.

❖ **Indoor Chime and 32 GB Card:** The front door camera wireless Chime and 32 GB Card is free for you. When the visitor presses the doorbell, a clear ringtone can be heard at home. You also will not miss visitor calls when the phone is muted or not around.

The installation of video door bells with camera wireless is 100% wireless , which is convenient for many people. The product box contains all the tools to install the doorbell camera, you can easily install the video doorbell with monitor wireless in five minutes.
